

W.S.S. AND THRIFT NUMBER

# SCOUTING

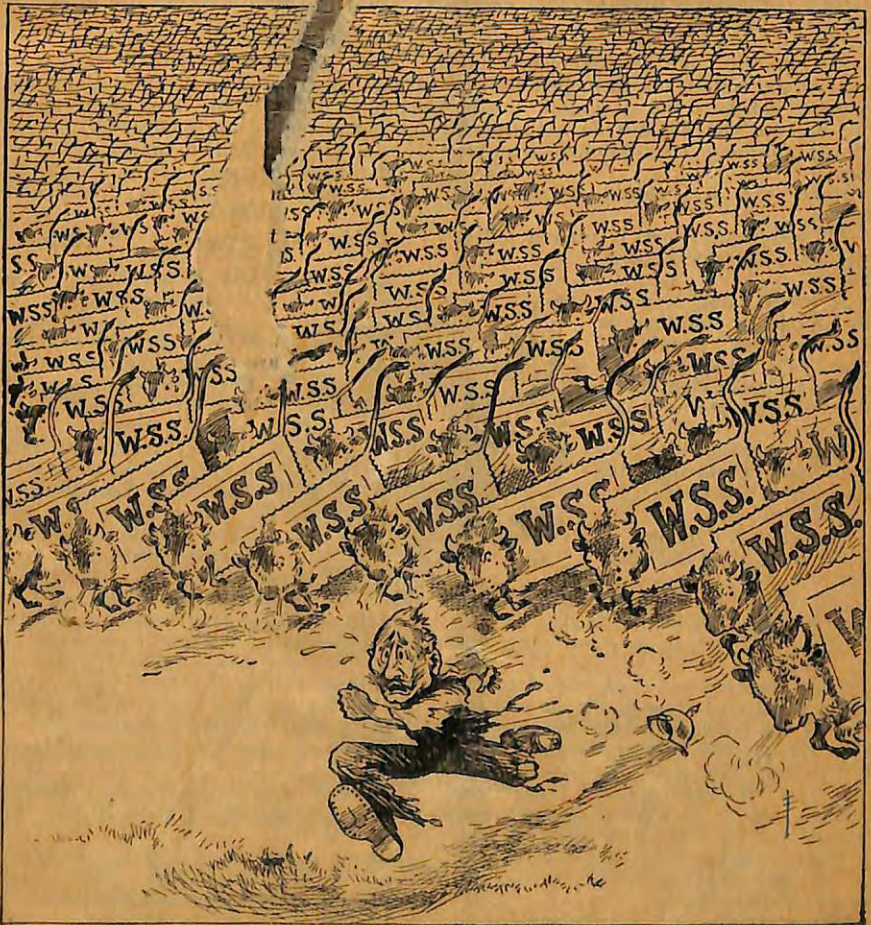

Published Weekly by National Headquarters, Boy Scouts of America  
For Scout Officials and Others Interested In Work for Boys

Subscription Price \$1.00 a year. Office of publication, 200 Fifth Ave., New York, N. Y. Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917, authorized June 13, 1918.

Vol. VI

NEW YORK, N. Y., OCTOBER 17, 1918

No. 23

## STAMPEDE

Rigney

Keep the Hun on the Run. We've got him buffaloesd, Scouts.

## CLEAN UP THE RED POST CARDS

Get a Supply of Red Post Cards. See That Your Postmaster and Letter Carriers Understand the Red Post Card Plan. Show Them the Boy Scout W. S. S. Manual

**Y**OU know how it feels to take the ball from the kick-off, rush it to the visiting team's five-yard line—and lose it on downs.

You know what it is to hustle up a tent while the thunder shower threatens and then have a river of water pour through it because you did not hurry quite fast enough to ditch the tent before the storm broke.

You know how it hurts to spend two hours building your fire and concocting your hunter's stew and then, just as it is ready to eat, have the stew spill into the fire because you did not do a thorough job in finishing your kitchen arrangements.

Makes you feel rotten—because you are.

All your hard work is wasted unless you get what you're working for.

A worse thing is going to happen to you (and to all the Boy Scouts of America) unless you—get it? You—hustle right smart from this minute until December 31.

Remember that War Savings Stamp Campaign—the Red Post-Card Drive?

Sure, you do.

Started last January.

We went after \$100,000,000.

Up to date we Scouts, including you, have sold just \$18,490,186 worth.

\$81,500,000 yet to go—and only two months left!

When the old town clock strikes twelve at midnight on December 31 you and the rest of the bunch will have no cause to blow the whistles to welcome the coming of the New Year unless we have finished our job. We will feel as though the timer's whistle was blowing with our score 0 and the ball on the one-yard line.

The Hun is not licked yet and he can't be without that \$100,000,000 that we promised Uncle Sam.

Like most jobs, it's easy enough to do when you get at it.

The trouble is to get at it.

To roll up a score of \$100,000,000 worth

of War Savings Stamps, each scout needed to sell only \$250 worth.

The average amount on the 1,696,450 Red Post Cards already used averages about \$11.05 per card. At this rate, each scout needed to secure signatures on only 25 cards and his share of the work was done.

You could do this in half a day if you tried.

Don't believe it?

Scout Stanley Tarbell, of Troop 4, Ithaca, N. Y., had an ace medal and 500 palms by October 1st. That means about 500 cards amounting to \$50,000.

Is he any better than you?

Of course not—*but he tried!*

You could have done it if you had tried.

You can do it if you will try.

Now.

Call the telephone. Or go to the store.

Everybody knows now that War Savings Stamps are a fine investment.

Everybody has some and intends to buy more.

But they forget.

Remind them and you will get their order.

And Uncle Sam will get the money.

Your Scoutmaster has a supply of cards.

He will secure more, when needed, from the State Director of the War Loan Organization. Make sure this is done. A list of the State Directors is published in SCOUTING from time to time. He has it.

Thirteen million Red Post Cards were printed for the Boy Scouts of America.

Only about 1,700,000 have been used.

If we don't use the rest we're slackers.

If we slacken our pace, our soldiers who are chasing the Huns will have to slacken theirs.

They are depending upon our W. S. S. money to buy shoes, grub, tanks, aeroplanes, gas masks, guns, ammunition.

Are you going to put it over or are you a dead one?

Put yourself in "high."

Make W. S. S. whizz.

## ACE MEDAL AND PALMS

### Do You Wear Them?

They are awarded by the U. S. Treasury Department for exceptional service in selling War Savings Stamps. Ask your scoutmaster about it. He will give you a copy of the Manual for the Boy Scouts of America on War Savings Stamps and the Red Post Card Plan.

Boy Scouts have won 3,569 Ace Medals and 9,368 Palms. Also 9,090 Achievement Buttons. How about your troop?

AMERICAN EXPEDITIONARY FORCES  
OFFICE OF THE COMMANDER-IN-CHIEF

France, July 25, 1918.

Colin H. Livingstone, President,  
Boy Scouts of America,  
Washington, D. C.

Dear Mr. Livingstone:

To the splendid army of four hundred and forty-two thousand American Boy Scouts the American Expeditionary Forces send greetings and appreciation for all you are doing for our great cause. Upon you will soon fall the burden of our civilization. Every act and thought of yours, in keeping with the scout law, will help to make good citizens and good soldiers. Obey it in letter and spirit and all the older scouts who are fighting for you and all we hold dear will shake hands with you as comrades who helped them win the war. Three cheers for the Boy Scouts of America!

Sincerely yours,

*John J. Pershing.*

## WAR WORK AT HOME

Published with Indorsement of  
National War Savings Committee  
51 Chambers Street, New York

"Waste and extravagance are Germany's silent allies. Every bit of waste; every needless expenditure takes force from the driving power that America must put into the war."

### HELP WIN THE WAR

Let us prove to our government that for every man in the army or navy there are ten of us at home who are willing to make any sacrifice it requires of us to help WIN THE WAR. The more our country asks—the more we will give.

Ask your local War Savings Committee or the State War Savings Committee where to send materials salvaged.

### ENLIST YOURSELF IN THE SALVAGE SERVICE

The immediate need of our government for material and labor to equip the Army and Navy is beyond the power of the mind to grasp.

All that you can spare, all that you can give; the Government needs.

Consider your home as a war plant. See what you can do with it. Remember—putting material where it can be used again is distinctly patriotic. Not to keep material in active service is Hoarding.

### SAVE

Rubber (Old Rubbers, Rubber Bags, Tubing, Auto Tires, etc.).

Paper and String (Newspapers, Wrapping Paper, all Scrap Paper, String and Cord of all kinds).

Metal (Tin Foil, Tooth Paste and other Tubes, Milk Bottle Caps, Old Locks and other metal).

Woolen and Cotton Rags (Carpets, Clothing in any condition, Old Shoes, etc.).

Tin Foil.

Old Gold and Silver.

Old Knives and Forks.

Old Linen, including old drawings on linen.

Old Jewelry, Gold or Silverware, Bric-a-brac, Heirlooms, Brass and Metal Junk. For equipment

and comforts for our aviators about to go to France, good articles are sold, the rest are bought by Federal Assay Office, for remelting.

Old Leather (Gloves and Scraps of Old Leather). These are made into wind-proof vests for our sailors and soldiers. (See Note.)

Old Clothes and Old Shoes Especially Warm Clothes. (Mark clearly "Used Clothing").

### REMEMBER

Putting material where it can be used again is distinctly Patriotic Work.

Therefore, if you cannot give

NOW WILL YA?

OLD LEATHER HAS IT'S USES. YOU SEND THE LEATHER UNCLE SAM WILL ATTEND TO THE BELT

SAY! UNCLE SAM MAY NEED THIS VERY BIT OF OLD ROPE WHEN HE'S—A—TYING UP OLD BILL GUESS I'LL SAVE IT

GUESS I'LL GET 'EM RESOLED. IT'LL MEAN MORE LEATHER FOR OUR SOLDIERS AND MORE MONEY FOR W.S.S. THAT'S THE IDEA

in Washington.) Or the Waste Trade Journal, 150 Lafayette St., New York City.

You can obtain from these people the names of reliable dealers, as well as information as to approximate market prices. These dealers will buy your accumulated waste by the lot and will pay in Thrift Stamps if desired. In any case Put Your Profits in Thrift Stamps.

Gold, Silver, Jewelry and Gold and Silver Plate can be sold at W.S.S. Metal Market, 40th St. and Fifth Ave., or Woolworth Bldg., New York City, at value fixed by expert appraisers. Payment to be made in W.S.S. Conducted by a committee appointed by the Nat'l W.S.S. Committee of N. Y.

### SEARCH

Go through your home room by room.

See: First, where you can Save money to lend to your Country. Second, where you can Simplify your way of living so as to set labor and time free for war work. Third, how much you can Give to help win the war—not only of your waste but of your cherished possessions.

Mrs. Woodrow Wilson sent her gold thimble by the first Aero Mail from Washington, May 15th.

Ex-President and Mrs. Taft have given 22 pieces of silver which they had while at the White House.

Col. Roosevelt has donated silver from his own desk.

These contributions have been made to Treasure and Trinket Fund.

Look through your attic or your store closet.

See what old things you can use yourself to avoid unnecessary spending for new things.

See what you can pass on. For instance, old baby carriages, sewing machines, typewriters.

See what old or interesting objects you can send to one of the War Relief Agencies.

SCOUT TINFOIL WHO IS HELPING TO FOIL THE KAISER'S AMBITIONS, HELP HIM ALL YOU CAN

### WAR WORK AT HOME

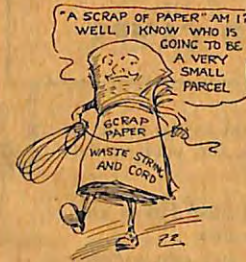

(Continued from page 5)

your waste material for the good of your country—Sell it.

#### SELL

For information as to the Sale of Waste Materials ask The National Association of Waste Material Dealers, 15 Park Row, New York City. (The president of this association has just resigned to become head of the Salvage Bureau of the Reclamation Division of the Quartermaster Department

NO SIREE I DON'T BLOW THESE AGAIN BUT I'LL BLOW MYSELF TO A FEW W.S.S. AND WON'T GET TIRED UNTIL KAISERISM IS PUNCTURED. SEE!

### WAR WORK AT HOME

(Continued from page 6)

Cut up old blankets to make small ones for children.

Jumble Inn, of the Stage Woman's War Relief Shop, 35 W. 44th St., New York, will accept old evening dresses, wraps, slippers, stockings, hats or men's clothing, as well as furniture and bric-a-brac.

Search for wool and woolen rags as things of great value, which the Government needs.

Look through bureau drawers and cupboards. Send leftovers of wool knitted into 6 1/2 inch squares, to be joined into afghans or, better, join them yourself into cot size covers, 7 squares by 9 squares; also any small articles as pencils, pens, writing pads, little books or toilet articles suitable to go into comfort bags.

Send pieces of cretonne or comfort bags, 10 x 12 inches.

Old Spectacles and Lenses for sufferers in Belgium and France are needed.

Old pieces of woolen or cotton material are made into children's clothes.

Ask your mother to look over her wardrobe. See what you can pass on or make over to avoid drawing on the limited reservoirs of new material in the country. Remember—In planning necessary clothes, simplicity and durability alone are suitable during the war. Extravagance in war time is bad form. Consider what can be laundered easily and economically.

Don't forget gasoline is used in dry cleaning and starch and soap have distinct war value.

Have your old Shoes re-soled to save leather for shoes for soldiers.

Soldiers and sailors will enjoy your recent Magazines. Put a one-cent stamp on each. Give them to the postman. They will be delivered.

Books: The Library War Service has asked for Baedekers, European guide books, novels, stories of adventure and travel, etc. Also up-to-date books on civil, mechanical, and electric engineering, the trades, business, professions and agriculture, recent text books on military subjects, mathematics, sciences, foreign languages, history and biographies, the present war dictionaries, etc., for our men in uniform. Deliver to nearest Public Library.

Games, suitable for the men in Army or Navy, may be sent to Y. M. C. A.

Musical Instruments and devices of all kinds; Victrola Records and Sheet Music for our soldiers and sailors "over here" and "over there."

Spy-Glasses and Binoculars are eyes for the Navy. The Government has asked for them and will return them if possible.

#### Vegetables—

For information about vegetables, planting, etc., refer to the Chief Grub Scout, Boy Scouts of America, New York, or the local representative of the U. S. Department of Agriculture.

Many names of organizations to which salvaged material may be sent are omitted here for lack of space. These will be found in a booklet containing twelve pages of suggestions on war saving which may be obtained at one cent per copy from the Boy Scouts of America, 200 Fifth Ave., New York.

TRACK, TRAIL AND STALK EVERY WASTE BIT OF EVERYTHING

## WINTER HIKES AND WEEK-END CAMPS

THE time for real campers to display their art is near at hand and already the woods are full of scouts who thirst for the tang of the brisk fall atmosphere. We have just completed the most successful summer camping season in the history of Scouting and have developed many scouts with real camping ability. They have won their spurs and are prepared to meet every obstacle standing in the way of inexperienced campers out of doors. Winter camping and hiking require much knowledge but offer wonderful charm for the scout whose love of Nature and the open air give him courage to undertake difficult tasks as a means to worth while accomplishments.

### Steam Radiator Scouts

In the past many so-called scouts and scoutmasters of the steam radiator and chafing dish variety, have been content to camp and hike only when summer breezes blow and when there are no indications of possible showers. But war gardens, Liberty Loans, Thrift Stamps, messenger service for the President, scouting for walnut, and other forms of war service, have given us a "Hundred-per-cent-American" style of scouting! Now 347,000 Boy Scouts of America are eagerly anticipating the winter season when they will have a chance to prove their ability to live as our early

pioneers did, and as our soldiers are now living, the year round in the open air.

### Snow Will Not Stop Hikes and Camps

A thousand and one excuses have been given in the past for not camping in the winter, but an excuse is not always a reason. Here is why scouts will go right on hiking and camping this winter:

National Scout Commissioner Daniel C. Beard has suggested that each scout plant ten black walnuts this winter to replace the trees cut for war purposes. Scouts must gather the nuts. Proper places must be charted in which to plant the seed with reasonable assurance that it will have a chance to grow and mature (Hike No. 1).

The planting can be done on Hike No. 2.

Wood must be cut and corded to save coal when the real winter weather sets in. (Week end camps and overnight camps for this.)

### Fuel and Nuts to Be Gathered

But, wood neatly corded in the forest, miles away from the kitchen stove, does not save coal. Scouts with trek carts, bob sleds, or in some cases, an improvised raft or flat-boat of their own, will complete the line of communication.

Every year there are, in the aggregate, bushels of nuts,—hazel, hickory, pecan,

Second Class Test No. 6. Use of the Axe.  
Photo from M. L. Oxenham.

filberts, chestnuts, walnuts, etc.,—going to waste for lack of hands to gather them, which this year may be saved and added to the nation's food supply. (More hikes).

### Kill the Fires Before They Are Born

Prairie fires and forest fires every year are the source of serious destruction during the fall and winter. Troops of scouts hiking everywhere, with their knowledge of fire prevention and fire fighting methods, greatly reduce such losses by fire.

"Corn husking bees" saved the farmer's corn in the pioneer days. This will be the objective of many corn belt troops on Saturday hikes this year.

In the South, oranges, early vegetables, alfalfa, and other winter crops may be harvested in the same fashion by school boys on week ends and holidays.

### Encouraging Our Allies

Birds are the deadliest enemies of insects which destroy valuable farm crops, fruit trees, and forests. Boy Scouts on regular winter hikes will build feeding racks for wild birds in the vicinity of their favorite camping places. Racks are supplied on follow up trips after each snow storm.

When Arbor Day comes next spring, every scout will "Be Prepared". Each will have marked several young trees of known variety which, with the consent of the owner, will be transplanted to places where the young trees will have a chance to grow—living monuments to effective winter hiking.

Harvesting the ice crop from lakes and streams of the northern states will this year be a problem solved by Christmas holiday, Lincoln's birthday, and Washington's birthday vacations, with troops of scouts in camp and a man to tell them how.

Mr. Hoover will also be pleased to have scouts conserve sugar by substituting maple sugar, the sap of which they have helped the owners of sugar groves to collect, for cane sugar.

There are also many ordinary reasons for hiking and winter camping.

### The Winter Vacations Are the Longest

Boys actually have more school vacation days—Saturdays, Sundays, and holidays,—during the school year than they

have in the entire ten weeks of summer vacation. You thought not? Count them for yourself.

The natural environment of boys at school and work in winter is such as to urge some opportunity for outdoor recreation. There is also less opportunity for profitable employment for boys of working age during the school year, owing to the broken character of their leisure time.

In winter camps there are no flies, mosquitoes, June bugs, spiders, centipedes, or tarantulas,—even rattle snakes must be done without.

Health conditions are greatly improved for camping and hiking by the absence of germ laden dust because of greater rainfall, snow and decreased evaporation of moisture in winter.

Milk, meat, butter, and perishable provisions have free refrigeration.

The best camping places are available because picnickers and loafers do not infest every shady nook or grassy bank of streams, lakes, and roadsides where scouts would go.

### Tracking and Trailing Best During Cold Weather

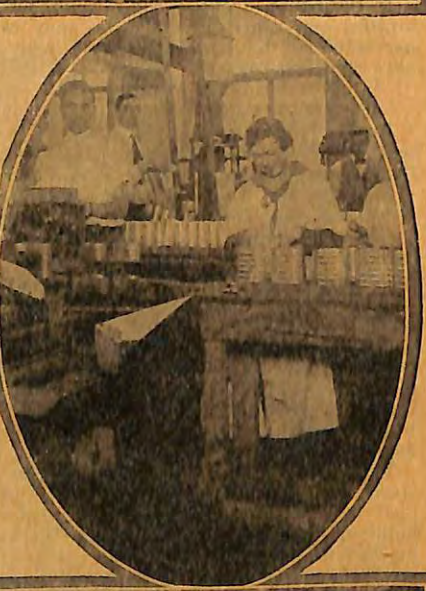

There are no flowers and berries, to be sure, but Nature Study takes on a new phase in winter. Wintergreen, bitter sweet, holly, and mistletoe, or many brilliant hues of autumn leaves, decorate the forest.

Wild life in the form of feather and fur bearing creatures can be tracked and trailed more easily and sighted without the use of glasses because the doors and windows of the winter forest are open to the sun.

In colder altitudes Jack Frost furnishes new snow white pages daily on which to study tracking and trailing and to give evidence of many curious and interesting things which happen in the long winter night.

Many of the merit badges can best be earned in winter time and surely there is an ample list of winter sports to furnish recreation between work and study time for the resourceful scout who is determined to let no obstacle hinder his plans for scout advancement and war service through practices which take him into the great out of doors whether it be winter or summer.

SHOW THE POSTMAN your W. S. S. Manual.  
They MUST understand the Red Postcard Plan.

FROM PEACH TO GAS MASK

Press Illus.

Ask your scoutmaster about the new opportunity to save our soldiers "over there." These pictures show peach pits arriving at a gas mask factory, the retorts where they are converted into charcoal, the filling of gas mask canisters and U. S. soldiers learning how to put on the masks

## SEASCOUTS

### Scouting on Nautical Lines

SEASCOUTS of B. S. A.—our ancient "Nautical Scouts"—are now at work following a modified plan for scouting along seamanship lines. This program has been approved by eminent Captains, Admirals and Chiefs of our Merchant,

Naval and Nautical fleets—and in the larger scout centres Seascouts are already numbered by hundreds. We want at least 100,000 Seascouts!

#### Equipment Can Be Made at Home

The Scouts who wish this form of scouting may obtain permission first from the Troop Committee and Scoutmaster, then from a scout official known as the Portmaster (Chairman of the Seascout Shipping Board—a committee of the Local Council) whereupon the troop is assigned to the Seascout branch and begins work of a harder but quite as interesting character as main scouting.

Boats are built, drill-masts rigged, laws of the sea studied and practised by means of home-made models until, when ready, the troop, or Ship's Company, takes to the actual water, in pond, river, lake or sea, and so progresses from one stage of study to the next, ending up, after a year or so, as Able Seascouts, which is about equal to a Star Scout on land. Officers are required to pass examinations as well as seascouts, and each grade, of which there are five in all, wears a Seaman's Cap of a special color, which the whole troop may wear when three-fourths of

the members have passed the requirements.

A manual is soon to be published giving all the rules. Meanwhile read Scouting on the subject (ask your Scoutmaster to loan you his copies), or address the Seascout Department, at National Headquarters, for the latest information. This is the newest thing in Scouting. Get in! Be a Seascout.

#### Code of Honorable Names

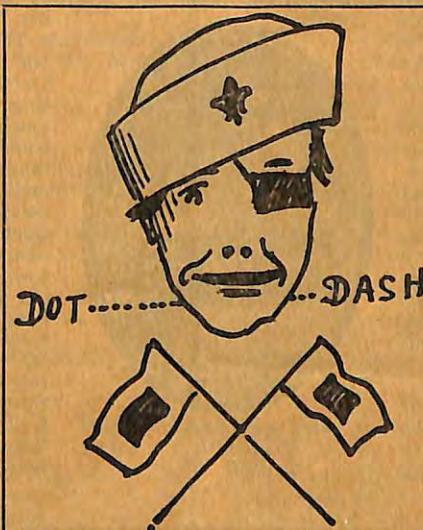

"So long as the foreign born person feels that we do not respect him, he does not want to join America, learn English and become a citizen," says Commissioner P. P. Claxton, of the U. S. Bureau of Education. "The Bureau believes that the Boy Scouts, who have pledged themselves to be helpful, friendly, courteous and kind, will be glad to adopt this code:

"My name for every true man in these United States will be the honorable name of 'American.'

"My reference to all 'New Americans' born in other lands shall never be dishonored by slurs, nicknames or hyphens.

"My purpose shall be to discourage in the native-born the love for titles, to help every immigrant to forget his hyphen and be proud of the name American and to stamp out the use of such nicknames as words of derision of the foreign-born.

"We pledge our service never to use, and to discourage everywhere, the use of such words as Dago, Dutchy, Froggy, Ginny, Greaser, Heiny, Horwat, Hunky, Kike, Mick, Paddy, Sheeny, Spaghetti, Wop, as applied to any foreign-born resident in the United States of America."

Here's a way to remember which side the dots are in Morse code with flag. Think of William Appleseed, B. S. A., able seaman, as he looked after the accident.—Pine Tree Jim.

## VICTORY BOYS TO HELP WIN THE WAR

Scouts Will Join in This Nation-wide Effort of Service and Sacrifice

THE Boy Scouts of America are to have another chance this fall to help win the war. Seven great organizations, engaged in providing for the comfort and happiness of our soldiers and sailors the whole world over, have joined to give the young generation this opportunity to do its share.

### For the Soldiers at the Front

The Young Men's Christian Association, the Young Women's Christian Association, the National Catholic War Council (Knights of Columbus), the Jewish Welfare Board, the War Camp Community Service, the American Library Association, and the Salvation Army, in their United War Work Campaign to raise \$170,500,000 for the continuance of their war activities, will challenge every boy and girl in this country to serve and to sacrifice in the "great cause." A separate division of the campaign, that of the Victory Boys, will have for its goal the lining up

Earning and Saving. Photo from Monmouth County Council, N. J.

of "a million boys behind a million fighters." The girls too will have a separate division, to be known as the Victory Girls.

### Boys to Earn and Give Money

Those enrolling in either division must pledge to earn and give an amount to be individually determined for welfare work among our soldiers and sailors: and this means that no boy and girl can give any money he or she has not earned.

The war has called half our workers away from their ordinary peacetime occupations, leaving much work undone in the homes and in the home communities. As the boys and girls will find their tasks in these now neglected fields, their united effort will go a long way toward helping us keep our affairs in order over here, while the giving of money earned will make for the comfort and morale of our fighters. Boy Scouts will be glad to help our soldiers through these great welfare organizations.

TO help Scoutmasters make the boys of their troop more enthusiastic and efficient

Scouts is the chief reason for publishing our official Scout Magazine, *Boys' Life*, which, parents say, is the best all-around magazine for boys. The regular subscription price is \$1.50 a year. National Headquarters recommends that every Scoutmaster arrange for a "Boys' Life Week" with his boys and help us get the magazine into the home of every Scout. Keep before the boy the extraordinary \$1.00 offer made only to members of the Boy Scouts of America for the 12 numbers of 1919 and the November and December numbers, 1918, together with the 1919 Boy Scout Calendar

## "BOYS' LIFE" WEEK

ALL FOR ONE DOLLAR. This offer is for a limited time and should be accepted

promptly. Scouts who are subscribers to *Boys' Life* can have their subscriptions renewed for 14 months from date of expiration and get the 1919 Boy Scout Calendar free. One or more sample copies of *Boys' Life* and descriptive circulars to help Scoutmasters interest their boys in this \$1.00 offer will be sent free to all Scoutmasters upon request. Scoutmasters should bear in mind that whatever profit is derived from *Boys' Life* is used for the further extension of the Scouting idea throughout the United States. The magazine is printed for boys, not for profit.

## The Scout Uniform—How to Wear and Care for It

Who May, and When

### Who may Wear—

1. Any Boy Scout 12 years of age or over who is regularly enrolled with the National Council, provided he is in good standing in the troop of which he is a member.
2. All Associate Scouts, Pioneer Scouts, Veteran Scouts, and all Boy Scouts who have been granted a Certificate of Service, provided they are in good standing with the local scout authorities in their respective communities.
3. All adult officials and members in good standing of the Boy Scouts of America.

### When to Wear—

1. At official
  - a. Troop meetings and socials.
  - b. Hikes, camps, educational trips.
  - c. Rallies, demonstrations and similar events.
  - d. Church or chapel services.
2. When taking formal tests given by the Scoutmaster.
  - a. When taking tests for advancement in Scout rank before an examining board.
  - b. When appearing before a court

of honor for examination or awards.

3. When ordered upon official duties, in such capacities as civic guides or messengers, flag raising exercises, Scout headquarters' orderlies, first aid workers, etc.
4. During the period of the war, all Scout and Scout officials should wear their uniforms, whenever practicable, in order that they may be easily called for any service for which the Scout movement gives training.

### When Not to Wear—

1. When soliciting funds or engaged in any selling campaign.
2. When engaged in any distinctive political endeavor.
3. When appearing upon the stage professionally.
4. When taking part in parades other than for the purpose of rendering services as a Scout.
5. When a boy ceases to be a Scout through failure to register or through suspension or expulsion from the troop.

How to Wear—See chart, page 77, Handbook for Boys.

## Warning

THE Executive Board has adopted the policy that "it is contrary to the best interests of the Boy Scout Movement for any local council, troop of Scouts, or group of boys as Scouts to enter into any contract or business relationship with a commercial or business agency or corporation which might be construed as using the Boy Scout Movement or organization for commercial purposes. This, however, is not to be interpreted as interfering with any scout individually earning money for use by himself or his troop for Scout purposes."

This means Scout officials are also requested to see that no Scouts wear the uniform or other official insignia when as individuals they may be soliciting funds, selling tickets, or otherwise acting in a capacity similar to the commercial salesman, solicitor, etc.

Only registered Scouts and Scout offi-

cialists whose memberships have not lapsed are entitled to wear the uniform and insignia of the Boy Scouts of America.

### How to Dispose of the Uniform—

1. In case a boy ceases to be a Scout as indicated above, and has a uniform it is suggested that the local council purchase the same at an appraised value, or in communities where the uniforms are the property of the troop committee or local council the same should be collected at once.
2. It is urged that troop committees and local councils definitely provide some means of reimbursing boys who have left the organization, as it is unlawful for any boy to wear the official uniform of the Boy Scouts of America who is not registered and in good standing.

(Continued on next page)

## Care of Uniform

1. Scouts should be careful of their clothing at all times. Remember that every article of clothing represents a certain amount of money and "A Scout is Thrifty." Never leave clothing lying about carelessly even for a moment. It should be carefully folded and put away or hung by hangers so as to keep its shape.

2. You will receive greater satisfaction when wearing your uniform, as well as getting much more wear out of it, by keeping it clean and repaired. Spots should always be removed as soon as possible. Turpentine will take out paint. Grease spots can be removed by placing a piece of brown paper, newspaper, or other absorbent paper over the stain, and pressing with a hot iron. Clothes bags

and knapsacks when scrubbed perfectly clean should be well rinsed in order to wash out all soap.

3. Shoes and leather straps should be dried slowly, brushed clean and wiped with neatsfoot oil or tallow. They may be sponged with a lather of castile soap and warm water. In no case should leather be dipped into water. Quick drying spoils leather. Leather requires oil to preserve its pliability, and if not supplied will become brittle, crack and break easily under strain. In polishing shoes, using an oil paste tends to keep them pliable.

4. Acid burns leather, as it would the skin, and polish containing varnish forms a false skin which soon peels off, spoiling the appearance.

## How to Fold Clothes

1. Turn all clothes, except overcoats and underclothes, inside out before folding; brush clean, smooth out all wrinkles, and empty the pockets.

2. *Breeches*: Fold one leg over another so that the seams on the inside of the legs come together. Fold over and over, and place away on shelf or in a drawer; or use a trousers hanger for same.

3. *Coats and Overcoats*: Lay out flat,

outside up, sleeves along side, collar turned down as when worn. Fold back each half of the front over the sleeve nearest it, and then fold one-half of the coat over the other half. Fold the upper third of coat over the center third and then the lower third back over the upper third.

Or if desired, coats may be stretched upon a coat hanger, buttoned, and then hung up.

## Instructions for Washing

1. *Material*. The material used in the official uniform of the Boy Scouts of America has been selected after most careful investigation, including thirty days' sun test, and the acid and strength tests.

2. *Guarantee*. It is guaranteed by the manufacturers as well as by National Headquarters when properly handled in washing against fading or shrinking. All guaranteed garments have the official seal of the Boy Scouts of America, and cases of unsatisfactory service should be reported, with a written statement of the process followed in washing.

3. *Washing*. The cloth should be washed in lukewarm water, with a soap similar to Ivory or any other which does not contain much alkaline matter. Lay the garment on a board, scrub thoroughly with a coarse brush. Do not under any circumstances rub the soap directly on

the khaki, as this is injurious. Rinse, first in warm water, and then in cold water, to which at least 2 cups of coffee grounds have been added, which will help to maintain the original appearance of the khaki cloth.

Garments should be wrung out with the hand and rough dried.

Iron by using a piece of ordinary white drill as an ironing cloth to cover the garment.

**SPECIAL PRECAUTION** should be taken:

1. Not to use strong alkaline soaps.
2. Not to use the so-called Quick Dirt Removers.
3. Not to let the water come to an excessive heat.

Experience shows that shrinking and fading are usually due to the improper methods of washing.

# REVISED PRICE LIST

RELATING TO

**Special Equipment Number**  
**May 1st 1918**      **SCOUTING**

## Supply Department A Service Bureau

*Our Department of Scout Supplies is really a service bureau.* The larger the patronage and support, the greater the amount of service which can be rendered. We feel fully justified in urging your personal support to this important feature of our work, because whatever profit is derived from the Supply Department, is used for the further extension of the Scouting idea throughout the United States of America. The surplus from the Supply Department for the year 1917 was more than sufficient to pay the entire expense of the Field Department in conducting Scout campaigns in seventy-three cities of the United States, and in providing Field Commissioners to organize Local Councils, the country over.

War conditions make it necessary to raise the price of some articles. In several instances, however, prices have been lowered. The May 1st catalog prices have therefore been withdrawn and the prices listed herein are now in effect. For descriptions and illustrations of goods listed in this issue, see May 1st Catalog issue of SCOUTING.

For revised prices of supplies listed on pages 97 to 116, May 1st SCOUTING, see October 31st—Special Magazine issue of SCOUTING. Articles which have been discontinued are marked "Discontinued" opposite the article.

In the interest of economy and as a means of conserving the supply of paper, this reduced size Catalog Number of SCOUTING is issued instead of the regular size issue.

DEPARTMENT OF SCOUT SUPPLIES  
BOY SCOUTS OF AMERICA  
200 Fifth Avenue      New York City

**Keep This Revised Price List**

This Catalog revokes all previous issues. Prices subject to change without notice.

## To Serve You Better

In order to better serve the scouts of New York and vicinity, plans are under way to enlarge the scope of the Scout Supply Store at National Headquarters. It has been apparent for some time past that we have outgrown our present store in the Arcade of the Fifth Avenue Building, making larger quarters necessary. Accordingly negotiations have almost been completed for

## A Larger Scout Store at 19 West 23rd Street, New York

(Fifth Avenue Building)

This store has a floor space of 1295 square feet, which will be ample to accommodate our constantly increasing supply store patronage. With its complete stock of uniforms, official scout equipment and supplies, this will be

**An Ideal Store for Your Holiday Shopping**  
as well as an all-the-year-round convenience.

Open from 8:30 A. M. to 6 P. M. daily.

**Come and Pay Us a Visit**

For descriptions and illustrations of goods listed, see May 1st Scouting

## Good Values in Dependable Camp Blankets

### Short Length Khaki Blankets for Boys

From every bolt of cloth used in the making of army blankets, there is a remnant too short to be used for full length blankets. By a foresighted arrangement with a manufacturer who makes them for the government for regulation army use, we bought a considerable quantity of short lengths and had them made up into camp blankets. On account of their reduced size, they can be sold at astonishingly low prices and are admirably suited for boys. These are durable woolen khaki blankets and are identical in quality to the full size blankets used by the United States Army.

No. 1350. Size 55" x 66", shipping weight, 4 lbs.....\$5.00  
No. 1351. Blankets like the preceding, but larger. All are at least 60" x 66" and run from that size up to 66" x 70". Uniform first quality, but sold as they come as to size at one price. Shipping weight, 4 lbs.....\$6.00

### Special Blanket Value for Scout Leaders

No. 1398. Same quality as the above. Sizes range from 66" x 72" to 66" x 80". Sold just as they come as to size at one price. Shipping weight, 4 lbs.....\$7.50

### High Grade Khaki Camp Blanket

No. 1334. BLANKET. Scoutmasters especially will be interested in this splendid blanket. It is absolutely first quality, and a regulation U. S. Army Blanket, size 66" x 84". Big and generous in its proportions and nothing has been skimped in the making. A high grade khaki blanket with years of hard service in it. You can defy the cold and keep warm as toast under one of these sturdy blankets, when you sleep in the open. Our good fortune in buying these before prices advanced makes a big saving to you at \$8.50. This same quality is being sold in many stores at much higher prices. Shipping weight, 4 lbs.....\$8.50

Use May 1st Scouting for descriptions, but this price list for prices.

### NEW SCOUT NECKERCHIEFS

Owing to abnormal conditions in the fabric market, both here and abroad, due to war conditions, it has been found impossible to continue to supply a dependable neckerchief at the former price of 35 cents each. A contract has been placed for a year's supply of new neckerchiefs in all the colors listed in the catalog and these are now available. The material adopted is a splendid quality of heavy pongee, of the same size, but greatly superior to the mercer neckerchiefs previously supplied. They are of excellent appearance, strong and durable.

In ordering the new pongee neckerchiefs specify number and color as follows:

620. Red	624. Tea Green	628. Royal Blue	632. Gray	<b>50c</b> Each
621. Maroon	625. Moss Green	629. Violet	633. Black	
622. Orange	626. Dark Green	630. Khaki	634. Sky Blue	
623. Lemon	627. Navy Blue	631. Dark Brown	635. Gold	
<b>MERCER NECKERCHIEFS.</b> A limited supply of the old-style mercer neckerchiefs is still available in the undernoted colors and while these last, can be had at the listed price of 35 cents each. Order by number.				

**MERCER NECKERCHIEFS.** A limited supply of the old-style mercer neckerchiefs is still available in the undernoted colors and while these last, can be had at the listed price of 35 cents each. Order by number.

571. Lemon	583. Sky Blue	582. Black	<b>35c</b> Each
580. Dark Brown	581. Gray		

### NEW SIGNAL DISKS

**No. 1401. FOUR UNIT POCKET SIGNAL DISK.** An original time-saving device for self instruction, practice and review in the principal code alphabets of the Army and Navy. Comprising the international Morse and two-arm semaphore codes; the international flag code and navy alphabet flags; and a practical cipher translator .....25c

**No. 1402. U. S. NAVY AND MARINE SIGNAL CHART.** A very helpful device for Sea Scouts. Clearly shows in colors the Flag Code, with repeaters and indicators, ship call pennants, call flags, the Navy Dot and Dash Code, the Very System, the Two-Arm Semaphore Code by machine or hand method, weather signals, etc. Practical for use in the reading, verifying and memorization of the official codes by means of its four revolving faces. A valuable illustrated booklet on signaling accompanies the chart. Booklet and chart complete.....25c

**No. 1403. BOY SCOUT STAFF.** Inability to secure ash wood, due to its scarcity on account of war requirements, has led to the selection of short leaf yellow pine as a suitable substitute for scout staves. This wood is light, springy and strong, well adapted to the purpose. These staves are 6 1/2 feet in length, and 1 1/16 inches in diameter, sanded smooth and shellaced, with rounded ends. It is economy to order staves for the entire patrol or troop at one time as this greatly reduces individual cost of transportation. No order accepted for less than eight staves. EXPRESS OR FREIGHT CHARGES MUST BE PAID AT DESTINATION BY THE PURCHASER.

Each .....30c  
25 to 100.....27c  
Over 100.....25c

Express Charges Extra In All Cases.

Always specify catalog numbers, sizes and colors when ordering.

SAY "MERRY CHRISTMAS" TO YOUR SCOUT FRIENDS WITH THESE CARDS

**No. 5104. SCOUT CHRISTMAS POSTCARDS.** A happy means of extending holiday greetings in simple form for scouts and scoutmasters. Five artistic designs as illustrated. Appropriate colors. Ten different messages. Orders will be filled with assorted designs and wordings. Two for 5c. Set of ten.....25c

**No. 5102. BOY SCOUT CHRISTMAS CARDS.** Unique and attractive holiday cards designed especially for scouts and their leaders. Artistically printed on handsome colored folders with scoutlike greetings. Printed inside and out and enclosed in envelope to match. Very desirable. Six different styles and wordings. Orders will be assorted. Each.....10c

**No. 5103.** Similar to preceding but printed on one side of folder only, and slightly smaller in size. Scoutmasters wishing to send Christmas greetings to members of their troops will find these cards acceptable. Six different designs and messages. Each card in envelope. Each.....5c

**THE 1919 BOY SCOUT DIARY**  
Bigger, Better, More Illustrations and New Information

Contains many new features and considerable added data. There are 256 pages in this issue. Sixty-four pages more than the previous one. Full of helpful information. Calendar pages have been increased, allowing more space for memoranda. Four pages of new matter have been used, relating to war service activities, including names of Livingstone medal winners in Second and Third Liberty Loans. The section showing the insignia of the United States Army, Navy and Marine Corps has been brought up to date, as has the report on population statistics. A new "Every Boy's Library" list has been prepared.

A new cover design, new illustrations of the proper way of wearing the insignia and accoutrement of a Scout, new cuts of merit badges and new signaling illustrations are among the improvements in the new edition.

**Three Styles of Binding**  
No. 3012. Regular paper edition...15c  
At least 8 copies .....Each 12 1/2  
At least 100 copies.....Each 11c  
At least 500 copies.....Each 10c  
No. 3095. Scout Master's Edition. Stiff cover 25c  
No. 3013. Souvenir Edition. Limp Leather 50c  
No. 3204. "THE PINE TREE PATROL"  
A system for orderly camping for the Boy Scouts of America.  
By James A. Wilder, ex-Special Field Scout Commissioner for Hawaii, and now Chief Sea Scout. 12-vo. Profusely illustrated. Paper cover. Postpaid ..... 50c

Remittance in full must accompany all orders. No credit can be allowed.

**Barring Unavoidable Shortage of Merchandise**

**Your Order Will Be Shipped on  
Day of Receipt**

**IF YOU**

1. Have your order signed by Scoutmaster and Council Officials.
2. Enclose remittance in full.
3. Include amount for parcel post and insurance.
4. State name and catalog number of articles.
5. Give sizes of garments and hats.
6. Order only for boys and leaders who have received certificates.
7. Do not order insignia above rank registered.
8. Mention name and Scout rank of each purchaser.
9. Use only official order blank or separate sheet for order.
10. Do not fail to give complete local addresses.

Always specify catalog numbers, sizes and colors when ordering.

# BOYS' LIFE

## THE BOY SCOUTS' MAGAZINE

15 Cents; \$1.50 a Year

**THE FOLLOWING OFFERS ARE MADE ONLY TO BOY SCOUTS AND OTHER MEMBERS OF THE BOY SCOUTS OF AMERICA. SEND IN YOUR ORDER NOW.**

(1) To members of the Scout movement only, a year's subscription to "BOYS' LIFE" is offered for \$1.00 (no premiums).

(2) Send \$1.50 to National Headquarters and get "BOYS' LIFE," one year, the new Boy Scout Calendar, and your choice of an Eastman Camera, a Fountain Pen, a Daylo Pocket Flashlight, any book of the "Every Boy's Library" or the Boy Scout Life Series.

(3) Send 90 cents, with three or more other members of your troop, and get the official Scout magazine on the "troop plan." (No premium or calendar with this offer.)

(4) Send \$1.25 and get "BOYS' LIFE" one year, together with the new Boy Scout Handbook.

(5) Send \$1.15 covering scout registration fee and "BOYS' LIFE" one year. This offer is specially good for new scouts when registering, and for other scouts at the time of re-registration.

(6) Special Offer: "BOYS' LIFE" one year and "SCOUTING" one year, \$1.75 for both publications. Publications can be sent to separate addresses if desired.

## SOME NEW SERIALS

### Curly of the Circle Bar By JOSEPH B. AMES

A real 45 calibre western story, full of pep and action. A "ring-tailed snorter" as Curly himself would call it. Read every installment.

### South Sea Island Stories J. ALLEN DUNN

Mr. Dunn has created Jim Moore, a sure enough salt water chap, and believe us Jim has some adventures. Watch for Jim and the Admiral.

### Reddy Brant Stories By W. C. TUTTLE

Reddy gets into more tight places than any chap we ever knew, but he always comes out on top. You'll like Reddy, he's a regular boy.

### Official News

Chief Scout Executive James E. West, in a worthwhile message, tells each month just what is going on in the great Boy Scout Movement.

## How to Make and Do Out-Door Things

By DAN BEARD

National Scout Commissioner Daniel Carter Beard has two whacking pages on camps and camping in BOYS' LIFE each month. If you love the great outdoors you simply can't do without them.

**BOYS' LIFE, National Headquarters, 200 FIFTH AVENUE, NEW YORK**
