*Our
Message*

*I*N the golden days of our youth we have all dreamed of scaling the turreted walls to success. In later years the visions are tinged with sadness that life visits upon us, but the principle remains.

To aspire to bigger, better things; to live cleanly; to provide and pave the way for little feet that must follow along the same rough road, more material thoughts intrude to make our dreams practical. This little book will aid and guide you to your goal and happiness.

MR. EASTMAN
President.

*The world today judges
a business by the man
behind it.*

*Mr. Eastman is ex-
ceptionally fitted to
guide our organization.*

Character In a Business

WHEN the officers of an organization are both honest and capable, their interests are bound to prosper. Successful business of today must be operated on this principle. To be worthy of a trust is the highest form of honesty, and honor is the mold in which Character is cast.

The Principles of Thrift

*Economy is near to the Key-
note of Character and Success*

WOODROW WILSON once said, "Provision for others is a fundamental responsibility of Human life." To provide we need not strive to make enormous profits. Good investments seldom reap so great a harvest. Their value lies in safety. To provide in the true sense of the word is to assure the future. There is but one way to do this—save. There are many plans of saving but it is your duty as a parent to save under the most

favorable conditions. To be thrifty you need not skimp. A small amount systematically saved will increase surprisingly.

Excuses of today will not retard one whit the flight of time. If we expect to meet the later years provided for, we must keep pace with today—yesterday is time forever past—today we have—tomorrow may mark the crossroads. Meet today and tomorrow will be provided for.

Is Your House a Home?

THE number of houses that are NOT homes is surprising. How often we find dissension in a home. The remedy is not always easy to find, but of one fact we are sure. By far the majority of unhappy homes are existing as a shelter because of financial trouble.

THE germ of discontent is always present. No man or woman can be cheerful in the face of continued adversity. Just a few dollars in reserve to ease the way when sickness comes will make it easier to carry the burden. Many times we find folks bravely struggling to maintain their ideals yet the very absence of money makes it harder each day to

“carry on.” When we review the hardships thus incurred how very simple the obvious remedy is. Make your house a real home by laying a bit aside each day. And, if your home is in harmony there is no better assurance of continued prosperity than to provide for the rainy days to come.

Your Partners

Here is a photograph taken at our office. The folks you see here are your partners when you place your savings in our care. It gives a fellow a sort-of homey feeling to have a picture of the friends he meets often. We'd like to have you make your friends our friends. Tell them about us.

A Message to Mother and Dad

Are You Building for the Young Folks?

THERE are some mighty fine opportunities open for our young folks these days. It is going to be much easier for them to start nearer the top but even so they must be prepared. The average normal child will respond to training—the better the schooling the more chance they have of attaining success. Education is obtainable in many forms, but often the regular grade and high school stage is past, many children are barred by lack of funds. We are in position to help you remove all these financial obstacles. The mailing card on the back cover of this book will bring you details, and if you aspire to bigger things for the youngsters it will be well worth a few moments of your time to send the card in. What you do for the kiddies today will bear fruit many times over in the years to come.

G(r)owing Up

You were born in Alabama?
Yes, suh, so dey tells me.
And raised there?
Well, suh, dey tried to raise me dar but the rope, hit broke.

It's the Upkeep

"How's the new car go, Bill?"
"Like it fine, but it costs a lot to keep it up."
"So? And how are your wife and daughter?"
"Just the same, thank you."

Earning Power

Here are three points that will insure your savings.

**SAFETY
AVAILABILITY
PROFIT**

Safety can be had only where the technical functioning of an organization is sound. When you place your savings with us you become a co-partner in this association and when you hold interest in any business it is quite natural that you are acting in part as your own guarantor.

Your savings are not tied up with us. You may withdraw on call at any time.

And your profit is 5%. This fact we would like to explain to you. It is being paid by a system and the rate of interest is high when compared to others.

No issue really worth while is decided in a minute. Think it over and then mail us the card.
